This architectural floor plan illustrates a residential unit with the following layout and details:

- Entrance and Hallway (gang):** The entrance leads into a central hallway (gang) measuring approximately 13.22 m², which provides access to the other rooms.
- Living Room (woonkamer):** A large living area measuring approximately 35.89 m², featuring a fireplace, a large window, and a balcony (balkon) measuring approximately 9.40 m².
- Bedrooms (slaapkamer):** There are three bedrooms:
 - Slaapkamer 1: Approximately 18.99 m², located at the rear right.
 - Slaapkamer 2: Approximately 9.44 m², located in the center right.
 - Slaapkamer 3: Approximately 9.54 m², located in the center left.
- Bathroom (badkamer):** A bathroom measuring approximately 4.98 m² is situated between the living room and the bedrooms.
- Sanitary Facilities:** The unit includes a toilet, a shower (douchewand), and a sink (w.c.).
- Storage and Utility:** A storage area (berging/installaties) measuring approximately 3.63 m² is located near the entrance, and a utility room (WC) measuring approximately 1.36 m² is adjacent to it.
- Dimensions and Orientation:** The plan includes numerous dimensions for rooms and overall sections, as well as orientation markers indicating North (N) and South (S).
- Furniture and Fixtures:** The plan shows the placement of various fixtures, including beds, a sofa, a dining table, a kitchen unit, and a bathroom vanity.
